

RICOH NEW ZEALAND ENVIRONMENTAL POLICY STATEMENT

HARMONY WITH THE ENVIRONMENT

OUR AIMS

- To assume responsibility for environmental sustainability throughout our operations.
- To consistently maintain industry leadership in this area.
- To factor environmental sustainability into all areas of our business.

OUR COMMITMENTS

Continuous improvement

- Develop, implement, measure and review objectives and targets to ensure continual improvement of our environmental performance.

Minimise pollution

- Regularly review our activities and develop processes to minimise environmental pollution.
- Reduce waste to landfill through robust product stewardship programmes and the recovery and recycling of materials through responsible, like-minded recycling partners.

Conserve resources

- Monitor and, where possible, reduce consumable resource consumption of power, fuel and raw materials.

Measure, manage and reduce Greenhouse Gas (GHG) emissions

- Measure, manage and offset our GHG emissions.
- Actively look for ways to reduce our GHG emissions in all aspects of our operations.

Comply with relevant legislation

- Ensure we comply with all relevant legislation, Codes of Practice and other requirements to which we subscribe.

Innovate

- Promote innovation that helps to improve our and our customers' conservation efforts.
- Continually review waste materials and recycling opportunities.

Increase environmental awareness

- Increase awareness of environmental sustainability of our staff, customers and other stakeholders.
- Improve the environmental performance of staff, customers and other stakeholders through communication and education.

Be active in our local communities

- Maintain close ties with the local communities where our branches and dealers operate.
- Actively promote and participate in local environmental conservation initiatives.

In order to continually foster improvement and innovation, the management team at Ricoh New Zealand, with input from our staff, will review this policy annually.

Mike Pollok
Managing Director
RicoH New Zealand Limited
