.....
Equitrac Express 4

- **Easy to use tools for centralized fleet and user management, including powerful reporting tools which provide a multidimensional analysis of the output environment**
- **Offers full support for CBORD Odyssey and Blackboard campus card accounting systems, expanding Equitrac's flexible at-device payment options which already include cash, billing code, user account, and stored value cards, in addition to configurable user print and copy quota allocations**
- **Provides automated job routing and output controls which eliminate wasteful document production, and reduces use of consumables**
- **Integration with networked multifunction devices, printers, copiers, plotters from every major equipment manufacturer**
