

### **Convert to cloud**

# Manage your documents with ease and access professional printouts inhouse on demand

### Digital document storage has never been easier

They say once you go digital, you'll never go back to the paper trail. At Ricoh, we've made it so easy to convert paper-based information to digital format for fast and convenient digital storage. Simply scan documents directly to cloud storage services such as Dropbox<sup>™</sup> or SharePoint<sup>™</sup> or to folders on your **corporate network. We're adding on new "scan to" destinations** all the time. And if you are concerned about security of your documents in the cloud, rest assured that our multi-layered security features make digital document management risk proof.

### Bringing on new technologies? No problem

Ricoh's Always Current Technology allows you to add and connect to new software solutions, applications and cloud services as you bring them onboard to optimise your document management workflows. Now your people can work smarter, faster and more securely than ever knowing that upgrades can simply be downloaded and installed to any device they use so their tools are always current.

## A suite of options for a professional print finish

You can forget outsourcing to professional printers when you've got this workhorse printer inhouse. Print professional-looking booklets and magazines with our booklet finisher feature. Choose from punch or staple finishes or opt for staple-free binding with our hybrid finisher. The multi-folding unit takes the manual work out of folding leaflets and, with a choice of paper options and additional paper capacity, you won't need to refill the paper trays as often.
